SAFETY CONSIDERATIONS
This application procedure is not intended to supersede any company construction or safety standards. This procedure is offered only to illustrate safe application for the individual.

FAILURE TO FOLLOW THESE PROCEDURES MAY RESULT IN PERSONAL INJURY OR DEATH.
Do not modify this product under any circumstances.

This product is intended for use by trained technicians only. This product should not be used by anyone who is not familiar with, and not trained to use it.

When working in the area of energized lines, extra care should be taken to prevent accidental electrical contact.

For proper performance and personal safety, be sure to select the proper size PREFORMED product before application.

PREFORMED products are precision devices. To insure proper performance, they should be stored in cartons under cover and handled carefully.

If your application requires a 1 x 4 coax splitter and fiber connection, you will need to purchase a COYOTE Fiber Wall Plate (8006992W) to install on top of the COYOTE ACE base to support the fiber connection.

Step #14 COYOTE Wall Plate installed on COYOTE ACE base.
