Pole Plug

The Pole Plug is designed to close existing holes in steel and composite utility poles or other equipment in order to reduce or eliminate whistling due to the wind and insect intrusion. The plug provides an economical means of reducing the incidents of insect infestations. This reduces possible injury to lineman and loss of productivity.

• Fully UV stabilized
• Resistant to environmental stress cracking

Application:
• Installs in seconds
• Can be installed with standard hot stick tools if required
• Positive snap in lock

Features:
• One piece design
• Lightweight
• Eliminate/reduce pole whistling
• Eliminate/reduce insect or wildlife infestation
• Covers a wide range of hole diameters
• Long service life without material deterioration
• Compatible with steel or composite poles.
