COYOTE® Closures (ADOBE™ Series)

Refinement of the Breed…

Low profile ADOBE™ Series Trays allow more splices to be stored in groups of 12 or 24

For applications which require a limited number of splices per splice tray, the COYOTE® Closure configured for 12-count or 24-count ADOBE Splice Trays provides the answer. The low profile ADOBE Splice Trays combined with the versatile buffer tube management system of the COYOTE Closure organize and protect the buffer tubes and fibers while maintaining maximum overall storage capacity.

See the COYOTE Closure End Plates, End Plate Grommets, Future Cable Port Kits, Mounting Brackets and other common COYOTE Closure accessories.

See page 1-4 and 1-5 for COYOTE Closure dimensions.

COYOTE Closure (ADOBE Series) Kit
