ARMADILLO® Sealing Washer End Plates

Weight: 0.00kg
Dimensions: 0.00cm x 0.00cm x 0.00cm

Description

The **ARMADILLO Sealing Washer End Plate** is designed to eliminate major tooling costs, field drilling and extensive personell training. It is ideal for OSP applications that do not require more than one, two or three cable entry ports.

Features

- Fixed quantity and diameter of any port
- No power source required for end plate assembly
- Uses mastic sealing system, no C-cement required
- Re-enterable and re-usable
- Integrated features for grounding and air valve attachment
- Plugging spools for unused ports
- Two piece sealing washer to strengthen washer seam
- Available in one to three cable entry port designs for use with 4" (102 mm), 6.5" (166 mm) and 9.5" (241 mm) diameter shell kits.
